

What We Offer

Julia Joy Makeup Artistry offers mobile services providing exclusive makeup and hairstyling services for your wedding day by highly trained and qualified makeup and hairstyling experts.

For makeup, we use professional, high quality, natural, mineral based, long wearing products – plus your makeup is set in a particular way so it will last all day and night.

For hairstyling, we use a variety of professional salon quality products such as Aveda and Pai-Shau.

Bookings & Cancellations

To ensure you secure us for your big day, we recommend you book your preferred date well in advance as we do book out in advance. A non-refundable deposit is due upon signing the contract. The client agrees to pay all fees if this contract is cancelled six months or less prior to the event. Your date will not be secured until we receive your deposit or proof of deposit payment along with the signed contract. Please note that we do not start the application or style unless we have received the signed contract and deposit. We do require a credit card number on file. Your credit card will only be charged if the cancellation policy applies.

Deposit & Final Payment

A \$25 non-refundable deposit per service is required to be paid at the time of your booking which will be credited to your final balance. For Canadian residents, deposits can be paid by e-transfer or cash in person. For outside of Canada, deposits can be made via PayPal (please note there is a 5% processing fee). Your final balance will be due on your wedding day, which can be paid by cash or e-transfer. Alternatively, if you would like to make final payment in advance, please contact us to make arrangements.

Your Wedding Day

When you are ready to secure your date, please consider the following when you advise us what time you would like us to come to you.

❖ Allow up to 45 mins. per face for makeup application and 45 mins. for hairstyling. (Depending on the preferred style).

❖ Think about what time you want your entire bridal party to be ready. Consider how long it will take everyone to get dressed, if you are getting pre-ceremony photos (what time your videographer and photographer will arrive), travel time to venues, etc.

Most bridal parties request natural makeup looks, but if you request a more complex look, please allow additional time so we can meet your requests within your specified time frame.

We also recommend advising us if any members of your bridal party have problematic skin so we can allow extra time to attend to these ladies (i.e. excessive acne/scarring on the face which needs to be covered, etc). Please note additional cost may be charged for additional time incurred.

Bridal Trials

We recommend all our brides have a makeup and hair trial before the big day so we can ensure you are happy with your chosen look. If another member of your bridal party is concerned about their makeup or hair, we recommend they also have a trial. It's a good idea to have a trial once you have decided on a gown or a particular look you are hoping for. Photos are always helpful to ensure we can see your vision and meet your expectations. Please allow up to 1.5 hours for each trial where we try out up to three different looks.
